

LOGIC 300

The Volume Paper

LOGIC 300 provides a value-for-money option for consistent, hassle-free high volume printing and copying results.

What can you use it for?

- Internal, everyday use
- Draft reports
- Faxes and emails
- Volume use

THE ADVANTAGES	
Benefits	What it means
Print quality	ColorLok Technology gives better print results than ever with bolder blacks and brighter colours.
Consistent overall smoothness	Maximises life of printing equipment by reducing wear and tear. Gives excellent results on both sides of the paper.
Precise cut	Ensures excellent runnability and keeps machines clean.
Dust-free	Reduces stoppages and maintains office productivity.
Packaging innovation	Tear strip box makes it easier and quicker to get out the reams.
Cost effective	Provides maximum value for large print runs.
Rigorous testing	Guarantees confidence in reliable performance on all office equipment.
FSC certification	Made using wood from well managed, FSC certified forests for environmental peace of mind.

What is LOGIC 300 guaranteed for?

- B&W and colour laser printers and copiers
- B&W and colour inkjet printers
- Fax machines
